[図6]

A cross-sectional view of a device. It features a substrate (1b) with a layer (3) on top. A central region (2a) is defined within the layer. The layer (3) is shown with diagonal hatching. The substrate (1b) is shown with a solid outline. The central region (2a) is a rectangular area within the layer. The layer (3) is shown to be thicker at the ends, where it is labeled 7. The central region (2a) is shown to be recessed into the substrate (1b).
